

## [Incubator Client Success Stories](#)

# NEARix

**NEARix, LLC** has entered into an MOU with the University of the Virgin Islands (UVI) to provide internships and also to produce the first UVI student Hackathon, which was held in February 2015.

**Island Services Group, LLC** completed the Spanish Town Solar Farm project. The company is currently working on a solar project at the new Margaritaville Hotel in St. Thomas.

**Neighborhood Pharmacy, LLC** is a new pharmacy in Frederiksted that opened in August 2015. They were also successful in securing a small business loan from the VIEDA-Economic Development Bank to assist with start-up cost. The company has hired four (4) full-time employees and one (1) part-time employee.

**Netwave Unlimited Services** is a Fiber Optic Technician/Installer Training Program provider. Due to overwhelming success of the program on St. Croix and also the success rate of job placement after graduation, they are now offering classes in St. Thomas and had their first graduation of five (5) participants, with two (2) graduates being offered employment with a local fiber optic installation. They currently employ six (6) temporary Assistant Instructors, two (2) part-time Instructor/ Directors and one (1) full-time Master Instructor/Director of Operations. They have been approached to bring their training program to the state of Massachusetts and also the country of Dubai.

VIEDA is an equal opportunity provider, employer and lender
