❖ **Altisource Asset Management Corporation – Extension of Full-time Employment Waiver**

(Category IIA - Designated Service Business providing asset management services to its clients in connection with the acquisition and holding of single-family residential homes for rental throughout the United States, along with the acquisition and ownership of other real estate related assets including risk and title evaluation. Location: St. Croix, VI)

The Office of Marjorie Rawls Roberts, P.C. filed a petition dated November 17, 2020 on behalf of Altisource Asset Management Corporation (“Altisource”) with the VIEDC requesting an extension of its temporary waiver of Altisource’s minimum employment requirement from 10 full-time employees to five (5) full-time employees from January 1, 2021 through December 31, 2021.

According to the petition, the Beneficiary’s business operation has been impacted due to the COVID-19 global pandemic. Altisource referenced its previously submitted August 31, 2020 correspondence, which stated the global economic uncertainty brought about by COVID-19

pandemic has caused significant disruptions in the U.S. real estate market that in turn has affected Altisource's client base. Additionally, an asset agreement was terminated during the fourth quarter of 2020. As a result, there have been less personnel-intensive business activities.
